### A. Getting B-Tween the Culture and the Kid

by Mandy Johnson

Tweens ages 8 to 13, are the most important demographic to popular culture and the second most likely to leave the church and never return. The world wants them to buy into its lies and yet we are trying to sell them the Truth. We'll cover the hottest trends in tween culture today and talk about specific ways we can share the Truth in ways that will keep them in our seats!

### B. The ABC's of Teaching Preschoolers

by LuAnne Oklobzija

New to the preschool classroom or just need a refresher on the basics? A broad range of topics will be covered to equip you for teaching preschoolers.

### C. Embracing the Gospel

by Kim Ooms

What if your presentation of the Gospel actually inoculated the kids in your Sunday school class from truly experiencing the transforming power of a new life with God? Is there a right and wrong way to tell the salvation message to children? Come ready to face the challenge and discover tips and tools for sharing the Gospel with kids in a way that will help them to truly embrace God's gift and not drift away in their teen or young adult years.

### D. Coming Alive

by Kelly Coleman

Do you find your times with God to be energizing and refreshing or are you simply going through the motions of reading your Bible, praying, and dropping a check in the offering plate? Discover practical ideas to help your spiritual journey really come alive and rekindle the anticipation of personally meeting with God on a regular basis. You and God will both look forward to these renewed times together.

### E. Family Ministry Made Possible

by Mindy Bak

We know that families are critical to the spiritual formation of children, but how can the church effectively support and equip parents? This session, designed specifically for Children's Ministry Professionals, will demonstrate methods and models for helping parents be the spiritual leaders of their children.

## breakout session 2

### H. iMinistry.com: Media for Lasting Impact

### I. Coming Alive
